

## Sessional Salaried GP

The Westgate Practice, Lichfield, Staffordshire

[www.westgatepractice.co.uk](http://www.westgatepractice.co.uk)

Come and join us in the centre of the beautiful Cathedral City of Lichfield. We are a large supportive GMS and training Practice (c. 30,000 patients and growing!), due to retirement and planning for growth we would like a Salaried Dr to join our team.

You would be joining a team of 10 salaried GP's with support from 10 partners, 5 ANPS and 9 practice nurses.

Our salaried GPs are encouraged to pursue their other interests. Amongst our current team we include three GP trainers, one Birmingham university medical student tutor, the lead for palliative care within the CCG, and the lead trainer for the local VTS

All doctors meet daily for coffee and share learning both informally and through structured local CPD programmes.

We offer aBMA contract, Salary in DDRB recommended range (depending on experience), the BMA guided CPD allowance equating to a session per week (pro rata), flexible working hours, no extended hours work unless you want to (some people actually do request this). Workflow and lab links are equally shared amongst all doctors on your working day, so no returning to piles of paperwork after annual leave and our system has two duty doctors each day to provide additional support, and a large team of supportive salaried GPs with regular social events

We would like a GP to work between 4 to 8 sessions per week, with a start date negotiable – we will wait for the right candidate.

If you would like to arrange an informal visit we would be delighted to meet you at our daily coffee meeting, please email Jo Williams, Head of Operations – [jo.williams12@nhs.net](mailto:jo.williams12@nhs.net) for an informal discussion or visit.

We look forward to your application by CV with a covering letter to: Elizabeth Kilgallon, HR Officer, The Westgate Practice, Greenhill Health Centre, Church Street, Lichfield, Staffs, WS13 6JL or email [Elizabeth.kilgallon@nhs.net](mailto:Elizabeth.kilgallon@nhs.net)
