

## STAFFORDSHIRE/DERBYSHIRE BORDER

### **GP PARTNER or SALARIED VACANCY – Looking for 5 to 6 sessions but negotiable**

Due to current incumbent retiring, we are seeking a replacement part time GP (Partner or Salaried) for 5 or 6 sessions per week. We are a forward thinking, semi-rural, split-site Practice in a great location on the border of the Peak District National Park. The premises are located in the picturesque village of Sudbury home to the National Trust's Sudbury Hall and our second site, which we share with another Practice, is in the historic village of Tutbury, well known for its castle, located a 10 minute drive away.

We are looking to recruit an enthusiastic GP to complement our close working friendly team of 3 Partners, 2 salaried GP's, an ANP and a Clinical Pharmacist with an excellent supportive team including Nurses, HCA's, Dispensers and Admin team. An interest in women's health would be preferable.

- GMS2
- High earning, part –dispensing, EMIS Practice
- 8,900 patients with steadily increasing list size
- Excellent QOF achiever
